Have a “knowing” smile on my face – I am sure you do too. The process for the next one can’t possibly be any worse than this historic mess.

And on a positive note, thank you for your extensive input and for coming to the RT this week. Your presence makes a difference. Anne

Massachusetts Stormwater News is a collaborative effort of the Massachusetts Department of Environmental Protection (MassDEP) and the New England office of the U.S. Environmental Protection Agency (EPA). This newsletter will be sent via email every few months to provide information to municipalities and others related to the Massachusetts Small Municipal Separate Storm Sewer System (MS4) permit. MA Stormwater News will feature topics of interest, provide up-dates on upcoming permit deadlines and highlight assistance resources from MassDEP, EPA and others.
